Dear Parents and Carers,

Supporting Our School – Voluntary Contributions for Student Safety

As a school, our primary priority is the safety, wellbeing, and quality education of every child in our care. We are proud of the learning environment we provide and remain committed to continually improving it.

However, like many schools, we are facing increasing financial pressures. Government funding alone does not fully cover the costs of maintaining and improving the facilities and resources that help keep our children safe and thriving.

To support this, we are asking for voluntary contributions from families. We suggest a contribution of £10 per month, although any amount you are able to give will be greatly appreciated. These contributions play a vital role in enabling us to fund essential safety-related projects, including:

- Improvements to site security and safeguarding measures
- Maintenance and upgrading of buildings and outdoor areas
- Replacement of worn or outdated equipment
- Enhancements to health and safety provisions across the school

In addition, we are currently pursuing plans for an exciting new Learning Hub, which will provide a modern, flexible space to support teaching, intervention, and enrichment activities for our pupils. This project forms a key part of our vision to enhance the quality of our learning environment for years to come.

We fully understand that families have different financial circumstances, and there is absolutely no obligation to contribute. All children will continue to have equal access to the full educational experience we offer.

If you are a UK taxpayer, we also encourage you to complete a Gift Aid declaration form. This allows the school to claim an additional 25p for every £1 donated at no extra cost to you, significantly increasing the impact of your contribution.

If you are able to support us, details on how to make a voluntary contribution are overleaf and an online Gift Aid form can be found here.

Thank you for your understanding and continued support.
