YEARS 4-6: DIGITAL CITIZENSHIP FAMILY ACTIVITY

Cyberbullying, Digital Drama & Hate Speech

CYBERBULLYING, DIGITAL DRAMA & HATE SPEECH

We are kind & courageous.

Digital citizenship: thinking critically and using technology responsibly to learn, create and participate.

Instructions

Blocking and reporting bullies is important. Find out how to block and report people on an app or website that allows chat. Get one or more family members together to help. Don't forget to read the "Setup" section before doing the activity together!

Setup

Read aloud: Sometimes people say and do things online that can hurt others. We need to be kind online and stand up to bullies. And if someone is bullying us, we can stand up for ourselves by blocking and reporting them. Blocking a bully means they can't chat with us anymore, while reporting means telling the site or app about the bullying behaviour.

Activity

Read aloud:

- Let's open a website or app that has chat (Roblox, Fortnite, Minecraft, Animal Jam, TikTok or a social media app). If I don't use these, my family member can open a social media app they use.
- Each site or app is a bit different, but usually tapping on the other person's picture or profile is the first step. Let's try it.
- Let's find the choices about blocking and reporting the other person.
- How can we turn off chat or have a private account? It's always best to only chat with people you know face-to-face.
- If we get stuck, we can use the "Help" section or search online for how to block and report on that site or app.
