23rd October 2026

Dear Parents

I am writing to request your **urgent help** once again regarding parking around the school gates.

We have sent out numerous communications about parking on or near the roundabout at St. Paul's and yet this is an on-going issue for the school despite the fact that it blocks cars turning round, can prevent emergency vehicles gaining access to the school and can cause an accident due to cars manoeuvring in a tighter space. Whilst the school has taken measures to prevent parking through signs and cones and liaison with the County Council , we are unable to enforce this ourselves as this is outside of the school boundary.

As part of our commitment to ensuring the safety of all pupils, staff, parents, and visitors, we would like to remind everyone of the importance of safe and considerate parking when dropping off and collecting children from school.

We kindly ask that you:

- **Do not stop or park in the school driveway or block the main school gate.** Emergency vehicles may need immediate access to the school site at any time, and blocked entrances can cause serious delays in an emergency.
- **Do not park on or around the turning circle.** This area must remain clear to allow vehicles to turn safely and to maintain the smooth flow of traffic.
- **Do not park on double yellow lines.** These restrictions are in place to improve visibility and ensure the safety of pedestrians, particularly our children.

We appreciate that drop-off and collection times can be busy however, the safety of our school community must remain our top priority. Your co-operation helps us create a safer environment for everyone and sets a positive example for our children.

Please see the diagram below indicating the area which should not be parked in and I would urge you to comply with this in order to prevent incidents and ensure that you do not receive parking tickets.

I know we are all looking forward to when a car park is built however, we always need to park considerately and within the legal requirements.
